Individual membership	\$75.00 per year
Student membership	\$30.00 per year

The Harbor Transportation Club was formed in 1939 to foster business and educational activities relating to international trade and transportation. It is our mission to develop cooperation, understanding and coordination among the shippers, carriers and the various trade and transportation organizations in the Long Beach/Los Angeles Harbor area.

Our goal is to enlighten and educate our members through exchange of ideas, discussions and analyses of problems associated with our local community. Our membership is comprised of all segments of the Intermodal community: steamship lines, trucking companies, warehousing companies, railroad companies, freight forwarders, custom house brokers, insurance brokers, exporters, importers and several other related industry groups.

We are a non-profit organization. The net proceeds from all our events are donated to our [Harbor Transportation Club Scholarship fund](#). The scholarship fund provides support to those seeking a career in the transportation industry as it relates to global trade. We are currently a major sponsor of the highly acclaimed Global Logistics Specialists program at California State University at Long Beach.

In support of our educational endeavor, we hold several social events throughout the year. Our "Annual Harbor Transportation Club Harbor Cruise", held each September, is acknowledged as one of the premier events in Southern California. Our Officers Installation Gala, held in March and Annual Golf Tournament, held in May, are also extremely popular events. - In addition to our social events, we hold monthly meetings on current, high profile issues impacting our membership. Again, the net proceeds from all of our events are contributed to our Harbor Transportation Club Scholarship Fund.
